

Single surface-mounting box for all flush-mounting devices from the Original series, White

101-77100

4 year
warranty

The single surface-mounting box in Niko Original White is intended to install a flush-mounting function in certain circumstances, for example, when the thickness of the walls is insufficient. Can be used for all functions except the time switch.

Technical data

Single surface-mounting box for all flush-mounting devices from the Original series, White. Surface-mounting box for 1 device. The box is mounted directly on the wall. 5/8" or 3/4" conduit fittings can be mounted. The device (switches, push buttons, signal lamps, no timers) is screwed to the box, the screws are provided. The box is made of dimensionally stable PC+ASA. The raw material is coloured in the mass, white (approximately RAL 9010). Dimensions: 87 x 87 x 37mm. CE marked.

- Number of mechanisms: 1
- Protection degree: See protection degree of the mounted function
